PROFESSIONAL SUMMARY

Fullstack Software Engineer with 2+ years of experience building performant, scalable web applications using React, Next.js, TypeScript, and Node.js. Proven ability to deliver quality products across the entire stack — from pixel-perfect UIs to RESTful APIs and database design. Experienced with remote collaboration, agile workflows, and shipping production features for international clients on Upwork.

WORK EXPERIENCE

Remote Fullstack Developer

Jan 2026 - Present

Telsem Tech Solution

Developing and maintaining full-stack web applications for clients across various industries. Collaborating remotely with cross-functional teams to deliver scalable features, optimize performance, and ensure responsive, accessible UIs.

Technologies: React, Next.js, TypeScript, Tailwind, Node.js, MongoDB

Freelance Web Developer

Jul 2024 - Present

Upwork

Delivering custom web development solutions for international clients. Building responsive websites, interactive UIs, and full-stack applications using modern JavaScript frameworks. Maintaining clear communication and meeting deadlines across different time zones.

Technologies: React, Next.js, TypeScript, Tailwind, Node.js, MongoDB, JavaScript, HTML, CSS

Lab Assistant

Oct 2023 - Dec 2023

IRL

Assisted in managing computer lab operations and maintained hardware and software systems. Supported students and staff with technical issues, set up workstations, and ensured lab equipment was running efficiently.

Technologies: Windows, Networking, Hardware Troubleshooting

IT Support Intern

Jul 2022 - Jun 2023

Lemi Kura Sub City

Provided first-line IT support for staff across the sub-city administration. Diagnosed and resolved hardware, software, and network issues. Assisted with system maintenance, software installations, and documentation of IT procedures.

Technologies: Windows, Networking, Hardware Troubleshooting, Technical Support

EDUCATION

Bachelor of Science in Computer Science

Sep 2018 - Jul 2022

Admas University

GPA: 3.5 / 4.0

Addis Ababa, Ethiopia

Graduated with a GPA of 3.5. Coursework included Data Structures, Algorithms, Software Engineering, Database Systems, Web Development, and Computer Networks.

SKILLS

Frontend: React, Next.js, TypeScript, JavaScript, Tailwind CSS, HTML/CSS

Backend: Node.js, Python, Django, REST APIs

Database: PostgreSQL, MongoDB

Tools & Platforms: Git, GitHub, Vercel, Netlify, Linux
